THE INSTANO

1917

THE INSTANO 1917.

This is the sixth volume of The Instano, the annual publication of the Senior Class of the Pennsylvania State Normal School at Indiana, Pennsylvania; it was assembled and published by the Class of Nineteen Seventeen as a complete record of their Senior year at the Normal.

FOREWORD

In the publication of this volume the board has tried to make it a complete record of events of our Senior year at Normal.

Since the general purpose of such a publication as this is to become a treasure to those who own it, it has been the aim of the board throughout to make the contents in this book truthful in every respect to Indiana Life and Indiana Spirit.

We offer no apology for anything that is or is not in this book, and sincerely hope that Indiana is truthfully represented in its activities and spirit. We further hope and believe that this book will constantly grow in value to all who knew Indiana in Nineteen Sixteen and Seventeen as a constant reminder of the happy days spent together here.

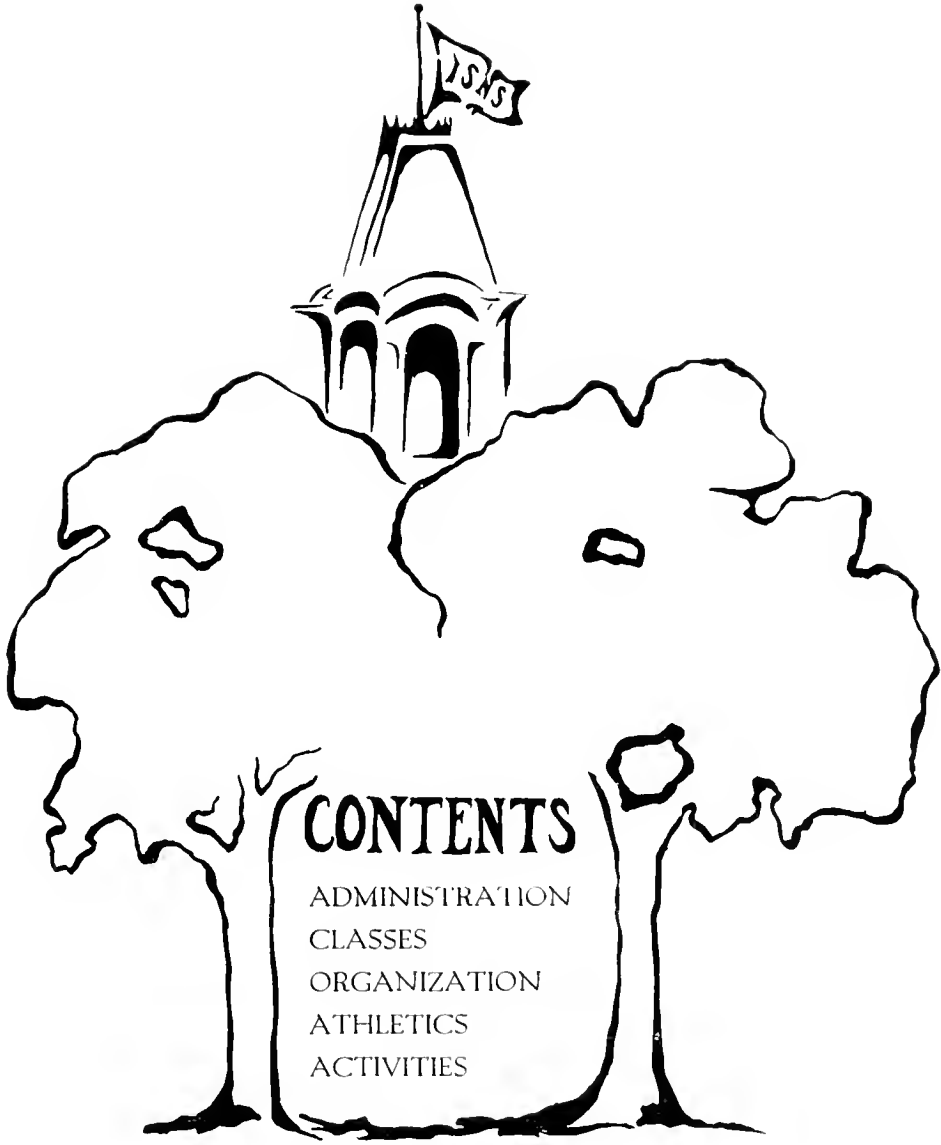

McGordon

To
McClellan Gordon

Whose supreme dignity and valuable services to our
Alma Mater commands our respect and
gratitude, we dedicate this, the
sixth volume of the
Iustano

ADMINISTRATIONS

Administration

JAMES E. AMENT, Ph. D., LL. D.

In the autumn of 1906, the Indiana Normal School received as its head Dr. James E. Ament, and since then the school has advanced by his touch of influence and power by leaps and bounds until it is now not only the leading normal school in the state, but beyond question the greatest school of its kind in the world.

With all due respects to all persons connected with the institution during its most prosperous period of existence to the present time. The influence of this great educator, architect and genius is felt as far as spreads the fame of Indiana. His educational views are of such a nature as to make the graduates of this institution in demand, not only for their superior knowledge of the texts, but for the educational views and broad outlook they possess as a result of having been influenced by his administration.

As an architect, Dr. Ament has been an inspiration to the school. Everywhere we look around the school we see his genius displayed, not glaringly, but unable to be hid because of its inestimable worth. He spares no expense to make the students happy and to give them a school with surroundings which they can justly be proud of, and only asks in return that they show themselves to be worthy of his great gifts.

Dr. Ament was born at Woodburn, Ill., September 12, 1863. He is the son of the Reverend James Roe Ament, and a great grandson of Thomas Metcalf, United States Senator and tenth Governor of Kentucky.

His early education was received in the public schools of Illinois and Valparaiso University. Teacher in the public schools of Illinois, 1882; graduate of Illinois State Normal University, 1892; degree LL. D. Kentucky University, 1906; superintendent of the schools of Carroll, Ia.; superintendent of schools of Rock Island, Ill.; president of State Normal at Alva, Okla., and at Warrensburg, Mo.

We do not hope to offer a just tribute to this great man, but the board takes very great pleasure in behalf of the class of '17 to express our hearty thanks for all that he has done for us, and offer our best wishes to Dr. Ament and his future work.

Administration

JANE E. LEONARD

Since the foundation of the school in 1875, there has been no person connected with the institution who has given such a measure of devotion as has Miss Leonard. She has shared the joys and sorrows alike since its foundation in the most generous way. As preceptress of the school her influence has been mostly with the girls, but she is held with the boys with the same degree of esteem as with the girls. She has been seen on the sideline of the football from beginning to end and in the roughest weather of the season. She has been one of us in time of defeat and heartily entered into the joys of victory.

She was born in Leonard, near Clearfield, Pa. She was a student and later a teacher in the Millersville Normal School, and from there she was called to the Preceptresship of Indiana, where she has since remained.

Everyone who knows the school, knows of the worthy life of "Aunt Jane," as Miss Leonard is affectionately spoken of. Her worth to this school is inestimable as preceptress, Christian worker and teacher. Her position is no easy one, but under her care more than 1,000 girls are most competently governed. As a Christian worker her influence is an inspiration to not only the girls but also the whole school. As a teacher her classes are filled, not by compulsion, but by the choice of the students.

We all have the deepest feeling of good will for Miss Leonard, and are glad to have been influenced by this noble woman.

Administration

WILLIAM J. JACK, A. M., Ph. D.

As preceptor at Indiana, Dr. Jack is master of the situation. His attitude toward the boys is most generous and of good will. It is a fact that the boys are doing better work than they have done heretofore. The dormitory life is clean and wholesome, and is becoming more and more preferred to private rooming, as is shown by the fact that the dormitory cannot accommodate all who would room in it.

Possessing as he does a scholarly knowledge of his subjects, and a strong personality, he is sought as a teacher not only by the boys whom he is over but by the girls also, for they know the value of his instruction.

Dr. Jack is heartily in favor with boys' athletics. He makes possible some form of athletics for all the boys of the school. Each year he develops a track team which is a credit to Indiana, giving everyone a chance who wishes to develop in any form of track work.

Dr. Jack, four years a student at Indiana, Phillips Exeter Academy '01, A. M. Yale '05, Ph. D. Yale '15, Professor of History and Mathematics at Los Angeles Military Academy, California, Professor of History at Indiana since 1906.

With a character that is beyond reproach, and man of ability and broad general outlook, Dr. Jack is fortunately the prevailing influence in the boys' life at Indiana. He is honored and respected by all the boys as a superior man and wise teacher.

TO OUR ALUMNI, WHO HAVE HELPED TO MAKE OUR SCHOOL WHAT IT IS, WE TAKE THIS MEANS OF SHOWING OUR APPRECIATION

OFFICERS OF ALUMNI

President HORACE G. CARMALT, 1897, Pittsburgh
Vice President LESTER WINGER, 1907, Glen Campbell
Secretary MRS. M. C. GORDON, 1907, Indiana
Treasurer MRS. C. H. IRVIN, 1892, Big Run

ALUMNI BANQUET COMMITTEE

Mrs. Mylva G. Riddle, 1892 May Anthony Davis
James Herbert Russell, '95, '01 Margaret J. Lowman, '05

Hail to the class of 1917! This, the 42d class graduating from Indiana, will add 315 members to the Alumni Association. During the administration of Dr. Ament 1,220 graduates have been welcomed to our members.

On Tuesday morning of Commencement Week the annual business meeting and election of officers for the Alumni Association is held in Chapel. At this time the Senior class is elected to membership in the association. All expense of the Alumni Association is met by the proceeds of the Annual Alumni Banquet and Dance. This banquet is the principal alumni affair of the school year, taking place on Tuesday evening of Commencement Week, the banquet in Normal Refectory being followed by a dance in Recreation Hall. Tickets to banquet and dance are \$1 each; after paying all expenses the balance is given to the Trustees to help defray the heavy expense of the Commencement Week. The class of 1917 will be made prominent in the Alumni Banquet by a member of the class, selected by the Alumni Banquet Committee, responding to a toast.

The Normal catalogue of each year contains a revised alumni register and call directory so far as is known. Prof. M. C. Gordon has charge of this part of the catalogue, and will greatly appreciate any information regarding addresses and occupation of alumni. The Normal Herald goes free to all alumni whose correct addresses are known.

The Alumni can do much for their Alma Mater to further the interests of the school. Let us all try to send a good new student to fill our places in the classroom and dormitory. Each class should try to leave some memorials at Indiana. What will the class of 1917 add to the art treasures already placed in the dormitories by Dr. Ament?

Commencement week belongs to the Seniors and Alumni. Every alumnus is then made welcome; free lodging and six free meals are given to each returning graduate, while the 10, 20 and 25-five-year classes are entertained for a full week as guests of the school.

The Indiana Normal Alumni in Western Pennsylvania hold a banquet each year in one of the prominent hotels in Pittsburgh. Miss Leonard is always the special honor guest. You, the members of the alumni, are cordially invited to attend all of the reunions of the association.

There is no organization in the school which benefits its members as much educationally as the Lincoln Debating Club. Being not too radical and not too conservative, the questions are debated pro and con in a most logical way with a view to making the members proficient in oral composition, as well as to discussing, in a fair and intelligent way, the live topics of the day.

The club was organized in 1909 by Prof. Albert Heckel, now Dean of Lafayette College. The membership is limited to thirty-five members, and there is always a waiting list. The proceedings are strictly parliamentary and the conduct of the members is entirely commendable.

Each year the club gives to its members some form of entertainment. This year the club gave a sledding party. Every member of the party claims to have enjoyed it very much. The party went to Elderton and was chaperoned by Miss Stevens and Miss Spencer.

The open meeting was held in chapel February 12, and was attended by a large crowd.

YOUNG MEN'S CHRISTIAN ASSOCIATION

In 1897 a number of the young men and teachers of the School, realizing the need of an organization for Christian Work, established the Young Men's Christian Association. Within a short time this local organization secured a national charter and became a member of the National Y. M. C. A.

The purpose of the organization is to promote the religious life of the school and to train young men in Christian work. A number of the men trained in the association have since taken up religious work. Many others have been trained along lines that make them definite forces for Christian living in their home communities.

The association holds regular prayer meetings on Thursday and Sunday evenings. At these meetings talks are given by various ministers and religious workers of the town, by members of the faculty and by students.

Each year a number of delegates are sent to the Students' Y. M. C. A. Conference at Northfield. The funds to defray this and other expenses of the association are raised by a series of entertainments given throughout the year.

THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Young Women's Christian Association of Indiana Normal School holds a prominent place in the school. It is a place where all the girls can assemble with one purpose and one thought and where they can strengthen their faith in God.

The Y. W. C. A. of Indiana was organized in 1897, under the supervision of Miss Leonard with fifty-seven members. Each year it has been steadily growing until at the present date its numbers are two hundred twenty-five. Of this number some are faculty members who are, in our work, an inspiration to the association. Miss Leonard has always been the right hand of all that was good in our association.

The Y. W. C. A. has a large field of work to cover stimulating not only its members along spiritual lines, but socially and mentally. Our greatest work this year has been along the spiritual line. Bible study classes have been organized in most all the Sunday Schools of the town, and the association has a hearty co-operation with all the members. The regular meeting of the Y. W. C. A. is held Thursday evenings in the association room. It is conducted by the members and the faculty. The cabinet also meets every Sunday evening to discuss the business of the association.

This year we have had the extreme pleasure of having with us both Miss Richardson and Miss Pearson. Miss Pearson started us on the road to success by helping us plan our work for the year.

The Whatsoever Circle has been doing great work in the school. During the year they have been the means of providing the poor with food, and the sick with help and tempting things to eat.

As an instrument in developing our members socially several receptions have been given. Our annual play was a great feature of our success.

The association stands open to greet all new girls that may succeed us, and it is our wish that they will derive a great benefit from the association.

Organization

ERODELPHIAN LITERARY SOCIETY

Organized 1875

COLORS: Blue and White

EMBLEM: Crescent and Star.

MOTTO: "Per Aspera ad Astra."

An organization which maintains a high standard in literary entertainment at Indiana is the Erodelpbian Literary Society.

All students not belonging to the Huyghenian Literary Society are urged to join the Erodelpbian Society.

The purpose of the society is to give its members experience in parliamentary business and enjoyment from the very good programs. Miss Sprowls, the faculty critic, sees to it that the programs are made entertaining and instructive. Only the very best productions of literature and music are given.

The society held two open meetings this year in which good programs were presented to large audiences.

Organizations

HUYGHENIAN LITERARY SOCIETY

Organized 1875

Colors: Crimson and Gold.

EMBLEM: Anchor and Chain.

MOTTO: "Search for Truth."

The Huyghenian Literary Society was organized during the first years of the school. Although it had but a few members during its first year, 1875, these members were very enthusiastic members. As a result of the interest taken by our early members, and being under the supervision and with the advice of our present Preceptress, organized the Huyghenian Literary Society and adopted the preamble to its constitution.

We, students of the State Normal School, Indiana, Pa., knowing the advantage of a free people of ease and force in debate, of skill in composition and of practice in parliamentary usage to secure for ourselves these advantages, to promote research, and to increase our social enjoyment, do declare ourselves a society.

At the present time we have one hundred enthusiastic, hard-working students on its membership roll—it is one of the most flourishing of the school societies.

Our meetings during the past years have been interesting and instructive, and our open meetings held in chapel during the early part of each term have been well attended and the numbers on the programs fully appreciated.

Organizations

MADRIGAL CLUB

The Madrigal Club has added to its history another year of real success.

Any girl student in the school is eligible for try-out for membership in this organization, and it is therefore a splendid evidence of what can be done in a community, by a competent leader, with a group of young people.

Miss Farlin, the director, is untiring in her efforts for constant improvement and this, coupled with her instructively good taste, brings most satisfactory results.

At the time of going to press the annual concert given by the club is a week in advance. Rehearsals promise a lovely one, however, and more than the usual amount of interest in its success is shown this year because the proceeds are to be added to a fund for procuring uniforms for a volunteer company of men students who are taking military training.

Organizations

THE WHATSOEVER CIRCLE

OFFICERS

President	Alice R. Fouse
Vice-President	Claire MacPherson
Secretary	Grace Eaken
Treasurer	Vera Davis

The Whatsoever Circle was organized by a number of the Normal girls in 1899, while Mrs. Lowery was college secretary.

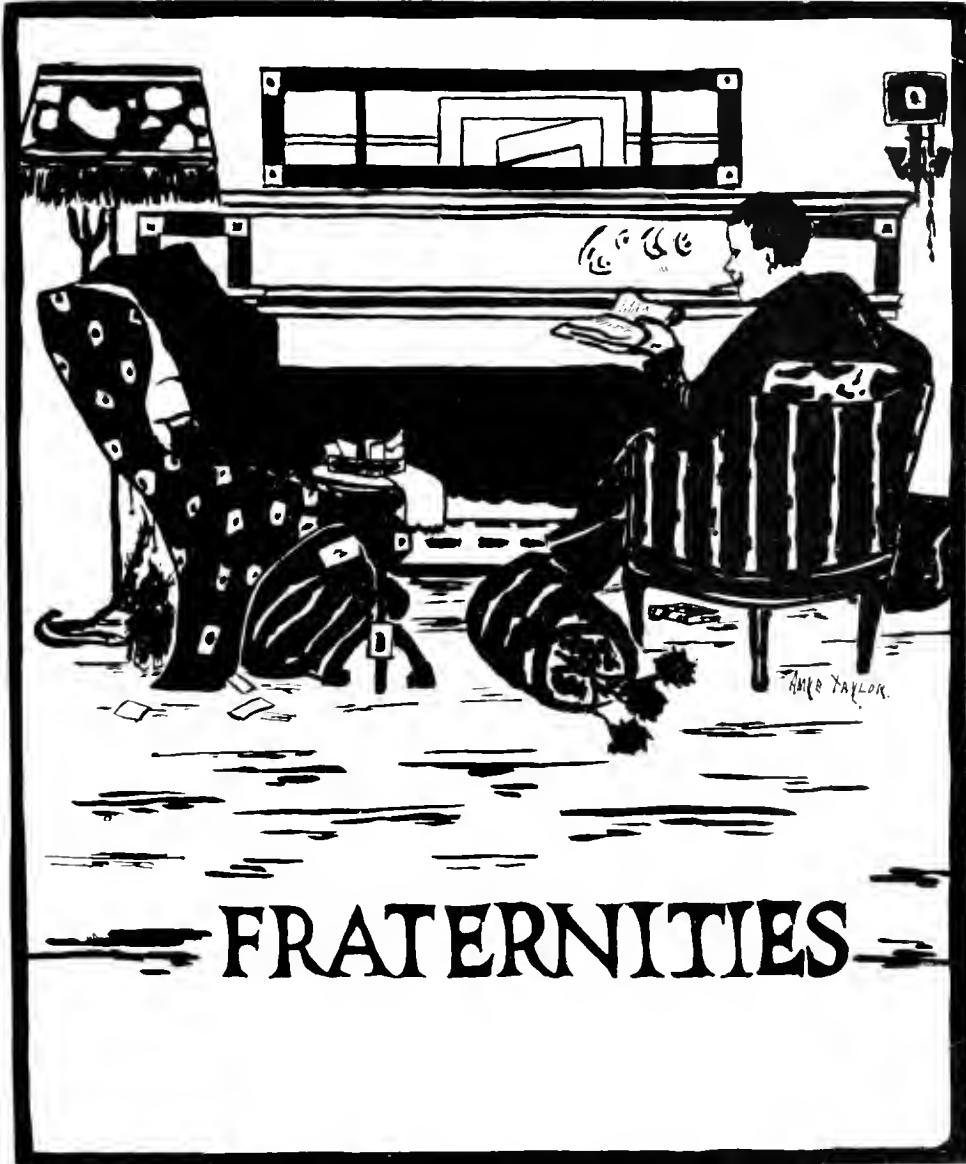

Formerly it was an independent organization, but now it is affiliated with the Y. W. C. A., taking the place and doing the work of the Social Service Committee.

The purpose of the Circle, as its name implies, is to aid whomever and wherever needed. It has a beautiful mission in our school. Many a one while ill has been cheered by messages of love and sympathy, often accompanied by fruit or flowers, yet in a quiet unobtrusive way.

Additional furnishings have been placed in the Y. W. C. A. parlor and a small silver service for each tray was presented for use in the infirmary.

The folks in the County Home and in the Children's Home are frequently cheered by visits and songs, and by remembrances at Christmas and Thanksgiving time.

One of our teachers has said that there is no more beautiful work than that done in the school by the Whatsoever Girls.

Bill Smith

The 1916 football season at Indiana was a very successful one. The total score by the I. S. N. S. being 327 points, against 12 by their opponents.

The season opened by defeating New Kensington Independents at home Sept. 23, by a score of 38-0. Three weeks before this Coach Smith, assisted by Dr. Wood as coach, and Captain Pettler called the men together for workout. The number to report the first day was less than a team, but within a week had grown to more than a team, and by the opening of the season proper full thirty-five men worked hard every day on the field. The team put up by Coaches Bill Smith and Dr. Wood, with Pettler as Captain, was undoubtedly the best at Indiana in years, if not the best.

The second game with Whocum Club was easily won by a score of 53-0. The third game with Clearfield High School was also an easy mark and was won by a score of 54-0. Nearly every second line man was given a chance in this game.

Thus the season ran without a score against Indiana up until the Mansfield game at Mansfield when, by a lucky pull for Mansfield, they scored a touchdown on our team, but the score was 20-6 in the end. This was the first score against us during the season.

Again on Oct. 28, Keyser Academy was defeated by a score of 61-0.

Probably the hardest game of the season was with Bellefonte Academy on neutral grounds at Greensburg. In this game our brave crew carried home Bellefonte's Goat. The score being 9-0. The teams wallowed the pigskin in the mire and on many occasions rooted furrows deep enough to bury eleven pigs. The field added to the difficulties in the game, but we won as much by fighting the field as the team.

Indiana—Clearfield High School Game

Indiana—Kiski Game

Athletics

Dr. Wood

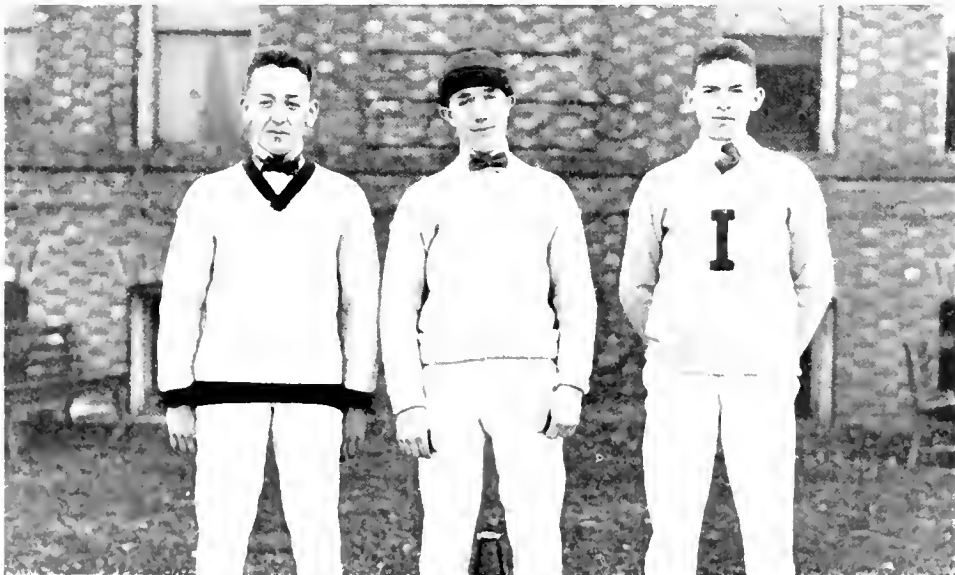

The East Liberty Academy team was defeated here on Nov. 11 by a score of 40-0.

Although we lost to Kiski by a score of 0-6, we feel confident that our playing was in a class with our opponents, and it is hard to commend any individual player, as they all played the game. This was our first loss to Kiski in years, and we feel that the team is more or less benefited. Our plans for next year include a victory for Indiana over Kiski. With many of the old men back, Johovics captain, and new men of no little football ability, already in, the team looks forward to the most prosperous season in its history next year.

Captain-elect, Frank Johovics.

Nov.	3	Pitt Freshmen, at Pittsburgh
"	10	Mansfield Normal, at Indiana
"	17	East Liberty Academy, at Indiana
"	24	Kiski

BASKET BALL

The basketball team developed by Coach Bill Smith this year was the fastest working outfit ever turned out at Indiana. While the season's record of nine victories and five defeats is not a startling one for Indiana, anyone who saw the team in action against Kiski, at Indiana, will agree with the above statement.

Captain Davis was the leader in the offense and was far ahead of the rest of the team in field goals scored. The other forwards, Wilson, Glassford and Guthrie, played splendid ball, Wilson's foul shooting winning several games. Melziva at center, Johovics, Lytle and Pettler at the guard positions, all big, fast men, outplayed their opponents in every encounter.

Basketball is a comparatively new sport at Indiana, but the team this year gives promise that even better ones are coming, and that Indiana will be in her accustomed place, as in other sports, at the top.

THE SEASON

The baseball teams turned out by Coach Bill Smith are in the front ranks as collegiate diamond teams. The last two seasons have been especially successful ones for our team, and the opening season looks quite as promising. With nearly all the old men back, and quite an abundance of new material, Indiana looks forward to a very interesting and successful season. The schedule with the exception of one or two games is a heavy one, but judging by the daily practice, and the first game played, the team is able to make its showing.

The first game of the season was played here April 21, with Pittsburgh Academy, in which we won, 22-3.

As the *Instano* goes to press no further record can be given, but the prospects are exceptionally bright.

TRACK

Captain Fletcher

TRACK TEAM

The Indiana Track Team, coached by Dr. William J. Jack, is one which is recognized as being of sufficient rank to compete in the largest meets in the country.

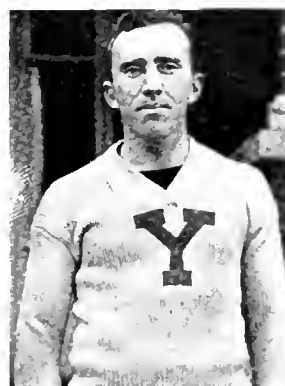

Since the beginning of the winter term the team has been working, and under the coaching of Dr. Jack has been able to take honors in many events in recent meets.

In the Pittsburgh Press Meet, Radman, of Indiana, took second honors in the 50-yard dash. Fletcher won the one lap, and the relay race was won by the Indiana team.

In the Westinghouse Club meet, Feb. 22, 1917, the relay team was again given first honors, and Radman won the 30-yard dash.

In the Pittsburgh District Championship Meet, April 7, 1917, Indiana took first honors in the 50-yard dash. Creighton of Indiana took second place in the high jump, jumping 5 feet 10 inches, 5 feet 11 inches winning.

A number of second place records have been made which are not mentioned here.

Dr. Jack

Athletics

The Girls' Basketball Team this year, as in all former, did splendid work. Nine games were scheduled and six of these were won by big scores, the other three being lost by small scores, two by two points and one by one point.

Captain Bott finished her basketball career at Indiana most creditably and proved herself a most worthy leader, playing in every game of the season. Miss Higgin was a star from all standpoints and also played in every game. Miss Bollman was a veritable stonewall as a guard, and to her belongs much credit for our victories.

All the squad deserves praise for their faithfulness, and for next year, with the girls who are left, we must have an exceptional team.

Athletics

HOCKEY

Early in September a call was made for candidates for hockey, to which about one hundred-fifty girls responded. Owing to the fact that there are no schools in this section of the country which are represented by hockey teams, no games were played with other schools, and only picked teams from the girls reporting for practice could approve each other. Some of these games were very interesting, however, and we hope within another year to have a school team which will approve, in a creditable manner, some of the girls' schools in Western Pennsylvania, which will soon take up this line of sport.

TENNIS

Mr. Arnold Faraquhar '16

Miss Helen Logan '16

Mr. Andrew Wilson '18

Miss Joy Douglass '16

The Normal Tennis Team, composed of Miss Helen Logan, ladies' singles, Miss Logan and Miss Joy Douglass ladies' doubles; Mr. Andrew Wilson men's singles, Mr. Wilson and Mr. Arnold Faraquhar men's doubles.

The team played in two tournaments, one with Greensburg High School, the other in the tri-normal tournament composed of Clarion, California and Indiana Normal Schools.

In the Greensburg tournament the team won the three matches played. Wilson and Faraquhar both in singles, and also won the doubles.

California won the normal tournament with two matches, one in the ladies' singles and one in men's singles. Clarion won the ladies' doubles, while Indiana won the men's doubles, thus giving the cup to California for the second year.

Miss Logan, Miss Douglass and Mr. Faraquhar all graduated last spring, leaving Wilson the only one of last year's team. This means practically a new team.

Here's wishing them luck.

Athletic

Activities

During the Fall Term when our nation was on the verge of entering the great war, and after President Wilson had asked the country to be prepared, Dr. Jack reorganized the Cadet Corps of Indiana. Burt Lentz resumed his role as captain and a company of fifty men was whipped into shape again. It is an entirely voluntary organization, and the members are not yet under any obligations to the State or Federal Government, although every member has expressed his desire to serve his country if need be.

Lieutenants, sergeants and non-commissioned officers were appointed, previous experience being a valuable asset, and squads formed. "School of Soldiers," "School of the Squad," "Manual of Arms," "Wig Wag," "Guard Mounting," and other elementary military tactics have already been presented to the company, in which the men have been thoroughly drilled.

Much of the successful work is due to Major Jack and Captain Lentz, whose experience and disciplinary power exert an immense influence over the Company.

SENIOR HAY RIDE AND COLOR RUSH

As "all work and no play makes Jack a dull boy," we decided when we became Seniors that we would have our work interspersed with fun. So on the third Monday of Fall Term we took our long expected hayride.

Of course we had the color rush first. Spirits must live in and around Normal for somehow or other, despite awful portents and warnings, the Senior colors floated from all high places, including the East flag pole and the top of the new water tower; the highest place in town. These same spirits must have aided the Senior boys also, for after breakfasting in a body they came out to uphold their honor. This they certainly did, for no less than three poor Juniors found how nearly their arms came within reaching around the old oak in front of North door.

After this successful venture we embarked on seven wagons (one heavily loaded with cats) and wended our way to Idlewood Park. There some spent the day dancing; others strolling, and others just having a good time.

Those who tripped the "light, fantastic toe" brought their Victrola along, but their spirits were dampened when it was found that no records had been brought along! However, Profs. Talbot and McConnell, aided by Fred Clark and "Bill" Campbell, came forward and furnished music such as no Victrola could make.

At noon all activities ceased in order that all might appease the inner man with the ample provisions of the Refreshment Committee, and the coffee made by Miss Eyre, Miss Leonard and Prof. J. C. Smith. We certainly found some Seniors' weak points here.

After an afternoon of pleasure we left about 4 o'clock for I. S. N. S., where we arrived a short time before dinner. Our aforesaid orchestra livened the ride with several good selections.

In order to give us time to rest our weary bodies the faculty proclaimed the next day a Senior holiday. And to say the least no Senior objected.

*"This day with all its pleasures is wafted to the Past,
But thoughts of it raise memories that long as life shall last;
Will bring to our minds visions--time, place, friends long unseen,
And again will live in fancy the joys of Scouting.*

---R. M. C.

SENIOR DANCE

One of the greatest social events of the year was the annual Senior Dance, held in Recreation Hall on October 28, 1916.

At 7:30 the guests started through the receiving line, which was composed of Miss Leonard, Dr. and Mrs. Jack, Martin E. Hilty, David D. Reid, Mary Dixon and Marie Gordon. Shortly afterward the Nosskoff Maggio Orchestra struck up a lively air and the dance was on. This orchestra was one of the best that ever visited Indiana. The music was enjoyed by all. A buffet lunch was served in the green room from 8 until 11 p. m. The green room was most beautifully decorated with "Carson's corn tassels" and Jack-o'-Lanterns.

The program consisted of eighteen dances and four extras. One hundred and fifty couples were present, not including faculty.

At 11:30 p. m. the orchestra played the home waltz, which ended at 11:45 p. m., signifying that the largest social event of the year was over.

THE JUNIOR PROM

The Juniors were extremely lucky this year in that instead of having only one dance they had two. The first was held on the afternoon of the Senior hay-ride in celebration of the color rush. This affair was strictly informal, but was none the less enjoyed by the participants.

But the dance, which will remain in our memories long after other things are forgotten, was the real thing, namely, the Junior Prom.

On the evening of February 17 the Juniors assembled in Rec. Hall for an evening of real pleasure. In the receiving line were Dr. and Mrs. Jack, Miss Leonard, Mr. and Mrs. Sutton and the class officers. As soon as we had all passed through the orchestra struck up and the dance was on.

In the middle of the dance we went to the dining room and were served to the daintiest refreshments by the most beautiful girls of the other classes. The tables were most beautifully decorated with the class colors.

The music was furnished by Wetzel's Orchestra from Johnstown, and was considered very good by all present. According to Miss Leonard's judgment the dance was the best ever held at Indiana. We are all very grateful to Mr. Victor List and the whole committee for the success of the affair. The following day it was the writer's privilege to hear a number of girls singing, "Turn Back the Universe and Give Me Yesterday," which shows better than anything else how successful the Prom really was. Here's hoping that the coming classes have as successful a dance as we had.

Margaret McClure	Lois Nebo
Mary Fisher	Harold Swift

PAN-HELLENIC DANCE

The annual dance of the Pan-Hellenic organization of I. S. N. S. was held in Recreation Hall, Friday evening, March 30.

About 100 couples, consisting of faculty members, alumnae and active members of the nine sororities in the school, were present. The two favor dances were features of the evening.

Dancing continued from 8:30 until 1 and all voted the dance a great success.

A. M. K.

PHI ALPHA DANCE

The biennial dance of the Phi Alpha Fraternity was held in Recreation Hall on the night of December 21st. The excellent spirit which has always prevailed in the fraternity was especially evidenced at the dance by the large number of "old brothers" that was present.

The music was furnished by the Wetzel Concert Orchestra, and the dancing was continued until the small hours of the morning, when a banquet in the dining room concluded the joviality.

SPECIALS

MOTION PICTURES

Near the end of the winter term the students were given permission to attend "Civilization" at the Grand Theater. A large number of students saw this excellent play and all were impressed of its worth.

Near the beginning of the spring term the students had the privilege of seeing a show of remarkable worth, "Les Miserables," in the Normal Chapel. The show ran two nights and was attended by a large audience. Also an educational reel was shown in which several important physical phenomena were shown; also some chemical experiments showing the dangers of impure water.

STAGE

The school was fortunate in seeing the Portmanteau Players this year. They gave a selected program for the occasion. The show was one that lasts in effects. It is undoubtedly the coming thing in dramatics, as is shown by the fact that the Portmanteau Players are growing more popular every day.

Teaches you Not to Play With Fire

Wise and Otherwise

Talk about long, long playing, said Mr. Arntz to Whitey Williams, "why your countrymen wouldn't get a look-in with us. I know a fellow citizen who played 'Beautiful Stars and Stripes' on the piano for several hours." "That's nothing," said Whitey, "I know a man here in Indiana who plays 'Ireland Forever' on a flute."

Indiana Readers: Eat at Normal on Friday—Bargain Day, one hundred cents on the dollar.

If you eat a "rabbit" and "hot-dog" before going to bed at night, don't be surprised if you are distressed, for rabbits and dogs will fight.

The sun has passed its prime and has only 15,000,000 more years to live, says a scientist. If you really believe in preparedness, buy your coal now.

No, Samantha, a chiropodist cannot fix the corn on the foot of a bill.

AVOID USURY. HANG ONTO YOUR HAT.

Fourteen thousand six hundred per cent is a pretty high rate of rent! But it's just what you pay when you hand the cloakroom pirate a jitney for watching your hat for an hour.

Do you get us?

Well it's like this: When you pay ten cents for the loan of a dollar for a year, you pay ten per cent. But if you pay ten cents for the loan of a dollar for a day, you pay 65 times as high rate or 3650 per cent.

It's just the same way with your \$3 lid. When you pay 5 cents rent on it for an hour you are paying at the rate of \$438 a year, counting only 12 business hours a day. And that is at the rate of 14,600 per cent.

Sing this to the cloakroom girl today and get her "Come-back." But don't blame us if she's a bit snippy.

Contributed.

Czar Nicholas lost his crown,
He nearly threw a fit,
'Til he put an ad in the *Instano*
And then recovered it.

'Tis writ on Paradise's gate,
"Woe to the boot that yields to Fate."

“NOBODY” HOME

The latest slang is “Swishy.” It’s from the trenches and means “The very best” “Ultra smart.” A woman’s dress is “swishy” if it is beautiful and exceedingly becoming. A dinner is “Swishy” if it is unexcelled. “Swishy” means “Tip-top,” “A No. 1,” “The finest ever and then some.”

Example- Indiana Normal is a “Swishy” School.

UNSOLVED MYSTERIES

- (a) Did Noah have a cuckoo clock with two cuckoo birds in it?
- (b) Now that Summer months are approaching, which is the under side of an angle worm?

King Egg may be awfully chesty but he seldom gets fresh.

Instantiscent

Old Mother Fletcher went to Cupid
To get his poor heart repaired,
Said Cupid to Fletcher,
"My arrow will fetch her,"
And "Scotty" stood there and stared.

Bill Smith to Kirby Gile: I see you're back from the front.
Gile: Don't get fresh.

Sim: The Library is being carefully guarded just now.
Sack: Why?
Sim: To prevent the magazines from being blown up.

Mr. James (in Physics class) set up a piece of physical apparatus and began to turn the crank as he remarked to his class: "Now you young people will notice that this machine is turned by a crank."

ODE TO I. S. N. S.

Backward, turn backward,
O Time, in your flight,
Feed me on gruel again,
Just for to-night,
I am so weary of sole-leather steak,
Petrified doughnuts and vulcanized cake;
Oysters that slept in a watery bath,
Butter as strong as Goliath of Gath;
Weary of paying for what you don't eat,
Chewing up rubber and calling it meat.

Backward, turn backward,
For weary I am,
Give me a crock of my grandmother's jam,
Let me drink milk that has never been skimmed;
Let me eat cheese whose ends have been trimmed;
Let me once more have an old-fashioned pie,
Then I'll be ready to curl up and die.

CHAPEL ATTENDANCE

Chapel Services are held at ten-fifteen,
As the place is too small four days come between,
The A's to the L's and the L's to the Z's,
On Saturday of course we all want to go,
For what the "Doc" will tell us, we never know,
We may skip our classes and have a good time,
But we never skip Chapel, it's not in our line,
Mr. Smith says "Classitis" is only a fad,
But to get "Chapelitis" - well, it's pretty bad;
For if you get "Chapelitis" there is only one cure,
To the "Doc" you must go, of that we are sure,
And he will tell you in a solemn tone
That to cure your case he must send you home,
Of course, it is only to give you a rest,
To quiet your nerves, to be sure of his test,
At the end of this time, which varies in length,
Your absence has generally refreshed your strength,
But of course the doctor is never quite sure
That the rest will furnish an absolute cure;
But the "Doc," a wise man, will generally say,
"We will give him a chance and let him stay,"
But if the disease has affected your mind,
He will give you a rest for an indefinite time.

"Imognilo"

IMPORTANT

This is to introduce to you the Senior Elephant Club. "Big Stick" Hilty has been very active and aided many of the little "Ivories." "Jumbo" Rice has not paid strict attention to his club duties, his mind being absorbed in the Fayette Clan, of which he is a charter member. "White Trunk" Guthrie, along with "Long Trunk" Tomb, intend to leave at the end of the year for Honolulu to amuse the little "Hulas" for a year or so. "Wabble Carcass" Enke still delights in Manual Training and Agriculture. "Quadruped" Berg has been absent from roll call this last term on account of his *Iustano* duties.

The Elephants were a source of much spirit in the class, and will long be remembered by the student body. Several little "Jumbos" among the girls applied for admission, but were black-balled on each vote.

Let us hope that with the coming Senior class the list of "Big Brutes" will be increased.
